## BINET LINEUP TILL DOUBTFUL

ulation Is Rife Among Those  
o Have Talked Recently With  
President-Elect Harding

## UAL DRAFT MADE

ies, Dawes, Weeks, Hays,  
lace, Hoover and Daugherty  
ormost Among Favorites

Washington, Dec. 28.—(By The  
Press.)—After weeks of  
speculation and consultation, Presi-  
dent Harding is nearing a decision  
on several of his most important  
appointments.  
It may be said authoritatively that  
no such decisions have been made  
and that any suggestions he may  
drop on the subject, have the  
character of a tentative and indefinite  
statement. It is equally certain, however,  
that his talks here with leaders in  
various fields, he has indicated  
what men are uppermost in his  
mind. As he asks advice on the  
part of his official family.

## Suggest Possible Draft

One who has discussed the ques-  
tion of who he should believe that  
the appointments under very serious  
consideration include the following:  
Charles E. Hughes of New York,  
secretary of state; Charles G. Dawes  
of Illinois, secretary of the treasury;  
W. Weeks of Massachusetts, sec-  
retary of the navy; Will H. Hays of  
Ohio, postmaster general or secre-  
tary of the interior; Henry Wallace  
of Iowa, secretary of agriculture; Her-  
bert Hoover of California, secretary of  
commerce; and Harry M. Daugherty, at-  
torney general.  
Many of these actually will be  
the places for which they now  
most prominently mentioned, is a  
fact that Mr. Harding himself  
has not yet prepared to answer. Al-  
though several shifts have been made  
in the tentative appointment state, as  
he worked his way toward a bal-  
anced and harmonious cabinet, and  
changes are expected before the  
decision is made.

## More Than One Prospect

It is certain that for several of the  
positions mentioned, the President-elect  
has more than one man under con-  
sideration and that the list of seven  
candidates here is far from  
definite. In regard to most of the  
positions, decisions may be de-  
ferred for several weeks and the in-  
definite period of deliberation may  
be the whole face of the problem  
make one guess at the present  
time as good as another.

## Harding's Selections for Secre-

of state and secretary of the  
navy, however, are expected to be  
made definitely within a few days.  
At the same time, he may make pub-  
licly name of one or two others on  
a list he has definitely decided for  
himself in the cabinet.  
From the seven names men-  
tioned, recent gossip about Harding  
has brought to the fore  
names of several possibilities, who  
had been in the background  
of public speculation. Among these  
are Joseph Dixon of Montana, promi-  
nently mentioned for secretary of in-  
terior, Charles D. Hilles of New York,  
mentioned for secretary of commerce,  
and A. T. Horr of Ken-  
tucky, whose name has been associ-  
ated with the portfolio of war.

## League Counsel Is Conflicting

Washington, Dec. 28.—Conflicting coun-  
sel regarding an association of  
the League of Nations, as given President-elect Harding  
by former supporters of the  
League of Nations.  
Senator Peter J. McCumber of  
Iowa, who voted for unreserved  
ratification of the Versailles treaty,  
of the President-elect to put the  
League aside and try for a new deal  
in his efforts to form an in-  
ternational peace society.  
Senator Strauss of New York, a for-  
mer ambassador to Turkey and pro-  
moter of the League, took  
view that the United States  
should accept the League in some form  
and should launch its next move for  
peace through that agency.  
The expressed confidence in Sen-  
ator Harding's policy of uniting the  
League with an international pro-  
gram, but neither would express pub-  
licly an opinion regarding the Presi-  
dent's specific proposals for a  
League, as he outlined it to

## LER NEITHER AFFIRMS

## OR DENIES SMITH RUMORS

Washington, Dec. 28.—Governor-elect  
of New York, Miller tonight refused to  
affirm or deny a report that W.  
Smith, a New York city lum-  
berman, with offices at 29 Broadway,  
was his choice for secretary to the gov-  
ernor.

## THINK LOST BALLOON PASSED OVER OTTAWA

Ottawa, Ont., Dec. 28.—A low  
northerly-moving light, possibly  
from the missing United States  
military balloon, which left the Rock-  
away naval station, December 13,  
was seen passing over the river op-  
posite Brockville, Ontario, late on  
the following night, Allan McKee-  
ver and F. Delisle of Brockville re-  
ported today. This direction would  
conform with the statement of two  
residents of this city who saw what  
they believed was a balloon, pass  
over the western outskirts of Otta-  
wa, the next morning.  
The light, about half way across  
the St. Lawrence, was far away  
from the Brockville residents to  
ascertain definitely the class of the  
craft, but they feel certain it had  
the spherical shape of a balloon.

## HINTS AT TRICKERY IN BONUS ESTIMATE

F. W. Galbraith, National Comman-  
der of American Legion, De-  
nounces Houston's Attitude

Washington, Dec. 28.—Testimony  
by Secretary Houston of the treasury  
before the senate finance committee  
yesterday placing the cost of carrying  
out the pending adjusted compensation  
or soldier bonus bill at \$2,000,000,000  
was characterized by F. W. Galbraith,  
national commander of the American  
Legion, in a statement tonight, as "a  
scuttie fish skimming to muddy the  
waters so that the principle involved  
can be clouded in a lot of figures that  
mean nothing."  
Mr. Galbraith estimated the maxi-  
mum amount of bonus bill at \$1,578,  
500,000.  
"Secretary Houston's whole presen-  
tation of the matter," said the legion  
commander, "was misleading and de-  
signed to frighten the country into a  
repudiation of its obligation, to ex-  
service men. The general impression  
was conveyed by his testimony that  
the passage of the adjusted compensa-  
tion bill would entail the immediate  
appropriation of billions of dollars by  
the government and seriously cripple  
the financial condition of the treasury  
at the present time. The facts are that  
appropriations necessary to carry out  
all features of the bill except that of  
cash compensation, would be negligible  
for this year and for several years to  
come and that appropriations for cash  
compensations are not asked until  
July, 1921, and are to be spread over a  
period of two years."

## MATES AND PILOTS ABIDE BY PLEDGES

Rumored Intention to Join Harbor  
Boatmen in New York, De-  
nied by Leaders

New York, Dec. 28.—Members of  
the Masters, Mates and Pilots associa-  
tion and of the Marine Engineers' as-  
sociation will abide by the wage scale  
agreement signed last week and will  
not join the Harbor Boatmen's union  
in the strike called for January 1, of-  
ficials of the two organizations declared  
tonight.  
Allan C. Howells, president of the  
Masters, Mates and Pilots union, said  
his organization signed the agreement  
with the Independent Tow Boat Own-  
ers last week after arbitration of the  
union's demands, and the agreement  
will remain in force until December  
31, 1921. The Harbor Boatmen pre-  
viously announced that a committee  
from the Masters, Mates and Pilots  
had notified the boatmen they would  
join the strike. Mr. Howells, how-  
ever, denied this tonight.  
Speaking in behalf of the Marine  
Engineers, James Moran, assistant  
business manager, said that organiza-  
tion also signed the agreement and  
will abide by its terms even though  
the boatmen's strike results in non-  
union men being employed in place of  
strikers.

## BOLSHEVISTS HOLD UP PASSAGE OF AMERICANS

Washington, Dec. 28.—An unex-  
pected refusal of the Bolshevik au-  
thorities to permit them to proceed  
caused a few Americans who had al-  
most succeeded in leaving Soviet Rus-  
sia to be returned to Petrograd, ac-  
cording to advices received today at  
the state department from Baltic  
sources. Reports to the department  
earlier in the day were that the Ameri-  
cans and several persons of British  
and other nationalities had been per-  
mitted toward the frontier with the ob-  
ject of leaving the country.  
Approximately 100 Americans are  
still being detained in Russia, accord-  
ing to state department estimates.

## SERVANT GETS HALF MILLION

Boston, Dec. 28.—The domestic  
service of Agnes McNevin in the fam-  
ily of Mrs. Mary Gilbert Knight is to  
be rewarded with a legacy of half a  
million dollars. The executors of the  
will of Mrs. Knight filed a petition in  
the probate court today for leave to  
make final distribution of the property,  
reporting that all specific public  
and personal bequests aggregating  
\$1,500,000 had been paid.

## TWO NOTORIOUS CROOKS CAUGHT

Pair Suspected of Middletown, N.  
J., Bank Robbery May Be Slay-  
ers of New York Jeweler

## HANDICAP ENRIGHT

Funds Necessary For Calling Out  
of Additional Policemen, De-  
nied by Aldermen

New York, Dec. 28.—Two men ar-  
rested here this afternoon on suspicion  
of having been concerned in the \$70,-  
000 holdup of the First National bank  
of Middletown, N. J., December 14,  
were brought to headquarters to be  
confronted with business associates of  
Edwin M. Andrews, fifth avenue  
jeweler, murdered in his office here  
on December 15.  
The police asserted that both men  
were armed when captured and that  
one had a weapon equipped with a  
silencer. They gave their names as  
Jerome D. Chaffee and James Frye,  
both of this city.  
Liberty bonds valued at \$15,000, said  
to be part of the Middletown robbery  
loot, were found in a suit case carried  
by the wives of the two men, police  
said, and added that all four carried  
firearms.

## Police Funds Withheld

Coincident with these arrests came  
an announcement that Police Commis-  
sioner Enright's latest measure to curb  
lawlessness—the calling out of more  
than 700 new policemen for training  
—has been dealt a knockout blow  
when the board of aldermen failed to  
vote necessary funds for their pay.  
The appropriation, \$1,500,351, passed  
recently by the board of estimates,  
was submitted to the aldermanic body  
for final sanction in the form of an  
authorization for a special bond issue.  
In denying the appropriation the al-  
dermen promised to reconsider it at  
a future meeting.

The men were halted when they  
alighted from an automobile at 12nd  
street and Broadway. Resisting arrest,  
they fought for several moments be-  
fore being subdued. The women, who  
followed closely in a taxi-cab, sur-  
rendered.  
While operating under various  
aliases the prisoners are accused by  
the police of having taken part in  
many sensational holdups and robber-  
ies throughout the country. They  
have been connected, the police asserted,  
with a recent Philadelphia bank  
robbery, and served five-year sentences  
in Leavenworth penitentiary. They  
are said to have escaped from the  
prison at New Bedford, Mass., where  
they were serving terms for burglary.

## Urges National Police Bureau

Trenton, N. J., Dec. 28.—Establish-  
ment of a central national police bu-  
reau in Washington, through which  
information could be flashed around  
the world to keep a check on move-  
ments of known criminals, was one  
of the principal recommendations  
made at a conference here today of  
state, county and municipal officials,  
called by Governor Edwards to devise  
some means of combating the present  
crime wave in New Jersey.

Police Commissioner Enright of  
New York city, who suggested the es-  
tablishment of a central bureau, de-  
clared the United States was far be-  
low the efficiency of police of Euro-  
pean countries and that the police of  
this country could not expect coopera-  
tion from foreign countries until a  
system of checking criminals was adopted.  
He asserted criminals from Eng-  
land were entering this country daily  
through Mexico.

"Scotland Yard and other European  
police departments are unable to se-  
cure information regarding criminals  
from this country," he said, "and un-  
til we can give them sufficient data  
we cannot expect cooperation from  
them."

## HALT FIUME BOMBARDMENT

Meanwhile Deliberations Pointing To-  
ward Ending Hostilities Will  
Be Negotiated

Rome, Italy, Dec. 28.—Firing on  
Fiume by the Italian blockading force  
will be suspended, it was decided at  
a conference in Abazia today, accord-  
ing to advices received here.  
The suspension was requested by  
the director of national defense at  
Fiume and the mayor of the city, who  
met General Ferrario, commander of  
the blockading force, to discuss the  
possibility of ending hostilities.

At a conference in the morning, the  
general informed the delegates that  
pourparlers were impossible without  
prior recognition of the treaty of  
Rapallo. Such recognition having not  
been given, the delegates decided to  
return to Fiume to discuss the matter  
and ask for another meeting in the af-  
ternoon. They also requested a sus-  
pension of the firing, which was  
granted.

## VOLCANO IN ERUPTION

Hilo, T. H., Dec. 28.—Two lava  
streams, each a quarter of a mile wide,  
are flowing from Kilauea volcano,  
after several weeks of steady rise of  
the lava pit, according to reports  
from the volcano observatory today.  
The overflow is through a crack made  
by eruptions of 1920, about 500 feet  
above the main pit, where lava flow-  
ed have been playing spectacularly  
for weeks.

## PRESIDENT CELEBRATES SIXTY-FOURTH BIRTHDAY

Washington, Dec. 28.—President  
Wilson, who entered the White  
House at the age of 55, today cele-  
brated the 64th anniversary of his  
birth, his last birthday before re-  
turning to the life of a private citi-  
zen.  
All the members of the Presi-  
dent's immediate family with the  
exception of William G. McAdoo,  
his son-in-law, spent the day with  
him. Business engagements pre-  
vented Mr. McAdoo coming to  
Washington, but Mrs. McAdoo, Mr.  
and Mrs. Francis B. Sayre, Mr.  
Wilson's son-in-law and daughter,  
and Miss Margaret Wilson, the  
third daughter, were present for an  
informal birthday party given by  
Mrs. Wilson for the President.  
Numerous messages of congratula-  
tion were received at the White  
House during the day, including  
one from King George of Great  
Britain.  
Mr. Wilson spent the day quietly.

## CORNELL MEN READY FOR RACE THURSDAY

Coach Moakley Walks His 'Hopes'  
Over Roehampton Course to  
Familiarize Them With Route

London, Dec. 28.—After spending  
Christmas in London as guests of the  
Anglo-American club and the Ameri-  
can University union, the Cornell run-  
ners yesterday went to Oxford to finish  
training for Thursday's race. On Fri-  
day Coach Moakley walked his men  
over the seven mile Roehampton  
course, where the annual Oxford-  
Cambridge cross country classic has  
been held for years, affording the  
Americans an opportunity to study the  
route.

The course starts in the Thames  
valley at Roehampton, a suburb  
southwest of London, and follows a  
circular route which includes a water  
plunge and a long stretch of plowed  
land, and finishes with a mile and a  
half run over Wimbledon commons to  
the starting point.

A combination Oxford-Cambridge  
team of seven men will be entered  
against the Americans. The first 10  
men to finish in the race will be scored  
by the American system—one point for  
first place, two points for second, and  
so on—and the team having the small-  
est number of points will be declared  
the winner.

Announcement today that Montague,  
the Oxford captain and holder of the  
record of 41 minutes, 53 seconds for  
the Roehampton course, is suffering  
from blood poisoning of the toe and  
probably will not be able to compete,  
came as a severe blow to the English  
team. Montague has been considered  
an ideal captain for this year's Ox-  
ford-Cambridge race. He picked his  
team and then finished first.

The favorable weather, which is  
drying up the course, will be an aid to  
the Americans.

## ANSWERS ARE FILED TO TELEGRAPH SUIT

Secretaries Colby, Baker and Dan-  
iels Admit Interference With  
Landing of Cable Lines

Washington, Dec. 28.—Admitting  
interference with the landing of  
American shores of the Western Union  
cable from Barbadoes and stating  
that they acted under direct orders of  
President Wilson, Secretaries Colby,  
Baker and Daniels filed today in the  
district supreme court their answers  
in the suit brought by the telegraph  
company for an injunction restraining  
them from preventing the landing of  
the cable line.

The cabinet officers say an infor-  
mation would inflict injury on the gov-  
ernment and the people of the United  
States and would hamper President  
Wilson in the conduct of negotiations  
with foreign countries on the subject  
of cable communications.

Secretary Colby argues the right of  
the President to deny a landing privi-  
lege to any foreign owned cable un-  
less equal right is given by the foreign  
country for the landing of American  
owned cables. Asserting that the  
Western Telegraph company, with  
which the Western Union line would  
connect at Barbadoes, has an inter-  
national cable monopoly in Brazil, Mr.  
Colby contends the landing of the  
Western Union cable would further  
the alleged monopoly and exclude  
American companies from competi-  
tion with the British company.

## LABOR COMMISSION RAILS AGAINST IRISH POLICIES

London, Dec. 28.—(By The As-  
sociated Press.)—The satiating  
denunciation of government methods in  
Ireland and a strong expression of the  
feeling of coercive methods to suppress  
either the Sinn Féin movement or the  
Republican army occupy for the most  
part the report of the labor commis-  
sion, which recently visited Ireland to  
study conditions.  
The report, which occupies 54 pages  
has additional appendices giving ex-  
tracts from police records and other  
documents and photographs of de-  
stroyed property.

## MINERS ACCEPT WAGE PROPOSAL

Offer of Operators to Adjust In-  
equalities and Injustices in Pres-  
ent Agreement Approved

## WORK WILL CONTINUE

None of the Demands for Increases  
Will Be Dropped, However,  
Miners' Officials Say

Hazleton, Pa., Dec. 28.—Accept-  
ing the offer of the operators to adjust  
inequalities and injustices in the  
present wage agreement, the general  
scale committee of the Anthracite Mine  
Workers late today instructed its sub-  
committee to meet with representatives  
of the operators and endeavor to work  
out a basis of settlement that will  
bring general satisfaction to the an-  
thracite mine workers.  
None of the demands of the hard  
coal miners for additional wage in-  
creases will be dropped, Thomas Ken-  
nedy, chairman of the committee, an-  
nounced, adding that an attempt would  
be made again to have the operators  
consider them as "part of the existing  
inequalities."  
"Our sole desire is to work out a  
constructive program," asserted Ken-  
nedy, "that will give general satisfac-  
tion to the great body of anthracite  
mine workers and stability in the  
region."

The operators will be asked by the  
sub-committee, it was learned, to see  
that all miners in the field get the 17  
percent increase recently granted in  
the commission's award.  
Charges have been made by repre-  
sentatives of the miners that thou-  
sands of miners in the three anthracite  
districts have never received the full  
increase.

The miners' representatives will  
confer with operators at Philadelphia  
tomorrow.  
After denying that they have "treat-  
ed lightly" the award of the United  
States anthracite coal committee, the  
general scale committee in a state-  
ment, took issue with the operators'  
reply relative to general decline of  
business activity.  
"We concede nothing and have not  
dropped any of our demands," asserted  
Chairman Kennedy. "We interpret  
the operators' reply as leaving the way  
open for the consideration of further  
wage increases and inequalities. Nego-  
tiations to this end will be started  
at once."

He declared that there would be no  
stoppage of work and that no threats  
or ultimatums would be used against  
the operators, no matter what the final  
outcome of the negotiations.

## UTICAN DEFRAUDED IN LIQUOR PURCHASE

Seventeen of 107 Cases For Which  
He Gave Canadian \$7,000,  
Were Short on Delivery

Montreal, Dec. 28.—Charging that  
he had been defrauded in an attempt  
to obtain a store of "fire water" for  
himself and thirty tribesmen, Mile  
Cintellala, an Indian of Utica, N. Y.,  
appeared in court here today against  
Jean Baptiste Choquet.  
Cintellala testified he contracted  
with Choquet for 107 cases and one  
hundred gallon keg of liquor to be deliv-  
ered in Utica, paid \$500 for delivery  
charges and agreed to give \$100 more  
upon receipt of the shipment. The  
liquor was bought from a licensed  
tender for \$1,000.

Later, when the liquor failed to ap-  
pear, he said he was threatened with  
exposure to the police and made to  
pay \$50 additional. He paid, the liquor  
arrived, but 17 cases were missing, he  
asserted.  
Choquet was held for trial on a  
charge of obtaining money under false  
pretenses.

## COLGATE STUDENTS REVOLT AT PADDLING OF FRESHMAN

Utica, December 28.—The paddling  
of George W. Joel of New York, Col-  
gate university freshman, by the stu-  
dent governing body, has caused a re-  
volt of the students and the resigna-  
tion of the governing body. Dr. S. M.  
Read, acting president, admitted to-  
night that the university is in a furor  
over the incident.  
Joel was charged with lack of re-  
spect to upper classmen and tried by  
them. The punishment imposed was  
paddling. Joel took the beating and  
reported the matter to the freshman  
body which held a mass meeting and  
demanded the resignation of the gov-  
erning body.

## ACQUIT NASSAU ASSEMBLYMAN

Mineola, L. I., Dec. 28.—Assem-  
blyman Thomas H. MacWhinney  
charged with conspiracy to protect  
Nassau county gamblers, tonight was  
acquitted by a jury in the supreme  
court here. The jury reported it was  
unable to agree in the cases of Super-  
visor George Wilbur Daugherty and  
Sheriff Charles V. Smith, charged with  
the same offense, and Justice Young  
asked them to deliberate again in an  
effort to reach a unanimous decision.

## WOUNDED WAR VETERAN STUDENT THOUGHT LOST

Rhams, Pa., Dec. 28.—Police of  
Rhams and other cities were asked  
today to aid in the search for  
James A. McCannery of Philadelphia,  
25, a World War veteran sent to  
Cornell university by the govern-  
ment for a technical course.  
McCannery has been missing from  
the university since December  
15.  
After inquiries in several Penn-  
sylvania cities, where it was  
thought he might have gone, and  
failed to reveal his whereabouts, the  
university officials and a relative de-  
cided to extend the search. Mc-  
Cannery suffered the loss of an eye  
from injuries in the war and it is  
believed it may have affected his  
mind.

## UNCLE JOE ROUNDS OUT HOUSE RECORD

Cannon Begins Today Adding New  
Time to His Own Accomplish-  
ment, Hopeful of Future

Washington, Dec. 28.—"Uncle Joe"  
Cannon, war horse of the house of  
representatives, today established a  
new American record.  
With the close of a dull house ses-  
sion, he passed the mark for length  
of service set by Justin Smith Morrill  
of Vermont, who as senator and rep-  
resentative, served 42 years, nine  
months and 24 days. The former  
speaker will, beginning tomorrow, add  
new time to his own record, with the  
hope of reaching the ripe old age of  
100, and beating Gladstone's record of  
52 years in the British house of com-  
mons.

"Uncle Joe's" achievement will be  
celebrated in the house tomorrow,  
with Champ Clark, himself a veteran,  
who retired March 4, leading the  
speaking ceremonies. Mr. Cannon also  
will speak, and many of the older  
members will ask time for a few re-  
marks.

Walking about the corridors of the  
capitol today, chewing his long black  
cigar, Mr. Cannon told a friend there  
was no use of offering a little advice  
to younger representatives, because  
somebody else always was thinking up  
smart things and attributing them to  
him. The remark, charged to Mr.  
Cannon, that they put spurs on the  
heels of army officers to keep their  
feet from slipping off the desk, was  
never uttered by him.

"But what's the use?" he asked.

## OATH MAKES LYONS SECRETARY OF STATE

Large Gathering of Republican and  
Democratic Friends See New  
Official Raised to Office

New York, Dec. 28.—John J. Lyons,  
secretary of the state elect, took the  
oath of office this afternoon in the  
presence of a large gathering of Re-  
publican and Democratic friends, who  
filled the meeting room of the Mer-  
chant's association in the Woolworth  
building. Judge Benjamin N. Cardozo,  
of the state court of appeals, of-  
ficiated.

The new secretary of state was pre-  
sented with a large silver service set  
and his wife, who with their son, Paul,  
14, were among the interested spec-  
tators, received a bouquet of orchids  
from her husband's admirers. George  
B. Compton, who was in charge of the  
affair, made the presentations, and  
Harry Kopf, who served with Mr.  
Lyons in the state transfer tax ap-  
praiser's office, accepted. Brief ad-  
dresses were made by Samuel S. Koe-  
nig, chairman of the Republican coun-  
ty committee; Helen Varik Boswell,

## COMPROMISE NEW HAVEN SUIT

000 to Corporate Defendant; Have  
Unfilled Obligation

New York, Dec. 28.—A compro-  
mise in the \$150,000,000 stockholders  
equity suit against William Rockefeller  
and other former directors of  
the New York, New Haven and Har-  
ford railroad, was effected here to-  
day when Federal Judge Charles M.  
Hough ordered the action discontinued.

The terms of the compromise pro-  
vided that the individual defendants  
against whom wage and mismanage-  
ment were charged, pay the New Haven  
the corporate defendant, \$2,500,000,  
which covered for the road tonight  
what had been done.

Then the judge issued an order ad-  
journ the lawsuit for the complain-  
ant, \$150,000,000, a third of the com-  
promise sum, upon their application  
for fees, disbursements and expenses  
to be paid out of the settlement  
money.

## LAUGH AT RAIDERS

Liquor by Quart or Case Is Offer-  
ed For Sale in Less Than  
Hour After Raid

Hurley, Wis., Dec. 28.—Federal  
prohibition agents from Chicago visit-  
ed nearly two score saloons, arrested  
27 persons and confiscated two loads  
of liquor in a raid that started short-  
ly before noon today and continued for  
several hours. The prisoners and evi-  
dence were taken first to Ironwood and  
then to Ashland, Wisconsin, where,  
probably tomorrow, the men will be  
arraigned before a United States com-  
missioner on a charge of violating the  
federal prohibition law.

Judge Landis Orders Raid.

The raid was undertaken at the  
direction of Judge K. M. Landis of  
Chicago, and was planned by Frank  
L. Richardson, newly appointed pro-  
hibition enforcement agent for this  
district. The raiding party of 50 or  
more was in charge of Joseph Callahan.  
There was more of the pic-  
turesque than the sensational in the  
"invasion," although the "movie" ma-  
chine clicked merrily every time a fed-  
eral agent drew a revolver, or a keg  
of liquor rolled into the street. A num-  
ber of newspaper men also accom-  
panied the invaders.

The crowd that followed the agents  
down Silver street grew in a few min-  
utes to more than 200 persons, but  
there was no demonstration, no audi-  
ble hints of violent opposition to the  
raid; in fact, the crowd seemed more  
disposed to make it the occasion for  
a holiday.

From the viewpoint of a surprise  
party, the affair was a complete suc-  
cess, federal agents agreed. While it  
was declared the saloons had been  
"tipped" off last night, apparently no  
great quantity of liquor had been con-  
cealed, according to many Hurleyites  
who watched the "mash march down  
Silver street."

## Street Cars Are Used

Street cars were used to transport  
the agents, their prisoners and the  
seized liquor from Hurley to Ironwood.  
A sleigh drawn by two horses fol-  
lowed the agents in their cleanup, and  
hailed the liquor to the street cars. In  
Ironwood, a dray met the street car  
and took the liquor to the special cars.  
Moonshine, according to observers  
who pretend to know, constituted the  
principal "wet" haul, although there  
was a considerable quantity of the  
kind that bore brands formerly fa-  
miliar sights in every saloon window.  
But the "real stuff" was declared in the  
minority.

## Hold Liquor For Evidence

Ashland, Wis., Dec. 28.—Fifty-seven  
men arrested in the raids today by  
prohibition enforcement agents at  
Hurley were lodged in the county jail  
tonight. They will be arraigned be-  
fore United States Commissioner Wal-  
ter A. Cate, here tomorrow.  
The liquor seized in the raids was  
brought here with the prisoners and  
it was stored in the county jail to be  
used as evidence.

## Hurley Mocks Raiders

Ironwood, Mich., Dec. 28.—Accord-  
ing to reports received tonight, Hur-  
ley is laughing over the raid today  
by federal prohibition enforcement  
agents. Fifty minutes after 15 federal  
agents with 37 prisoners left for Ash-  
land, Wis., moonshine liquor was sold  
in Hurley. Tonight, it was said, any-  
one who knew the ropes could buy  
liquor by the quart or case.

## RECORD SCORES AT THE "Y."

Emerick's Infants Humble the Bank-  
notes—Skinner the Star Man.

Two "scrub" teams got together at the Y. M. C. A. bowling alleys Monday night, but before it was over they had rolled games that would look good on a state league chart. The total pinage of the evening was 2,637. With the exception of the highest figure made thus far this season on the "Y" pinage. The opposing teams were Emerick's Infants and the Wilber Banknotes, and the youngsters carried off all three games by large margins. The Infants' total for the first game was 349, which is also a near-record, and Skinner, high man for the Infants, made a total of 229 in the first game, only six pins below Mike Grier's record of 255. The Infants were so enthusiastic over their victory that they went so far as to challenge any other five-man team that wants to meet them.

Monday night's scores follow:

## STOCKS HOLD SAME REACTIONARY TREND

Market Developments, in Direct Relation to Values, Are For the Main Unfavorable

New York, Dec. 29. — Reduced to its chief essentials, trading on the stock exchange today traversed for the most part the reactionary or retrograde movement of the last two months, several special issues failing to show low records for the year or a longer period.

Developments in their direct relation to values were mainly unfavorable, when not distinctly discouraging. These ranged from additional dividend suspensions or reductions to further cutting of working forces on the railroads and at steel centers, a forthcoming drastic "readjustment" in the motion picture industry, and more bank failures in the northwest.

Local industrial conditions were unsettled by threats of another harbor strike beginning with the new year, and rumors affecting the financial status of the more important utilities were again actively circulated.

Passing of the dividend on Anaconda Copper, after an unbroken record of 16 years, was of a piece with prevailing conditions in that industry. The course of other stocks seemed to foreshadow similar action in the near future.

Rails were the only shares to manifest a degree of firmness, a few of the more representative transportation, especially coals, continentals and grangers, being again responsive to better November earnings, where substantial net gains were the rule.

At the irregular to heavy closing losses of one to six and one-half points in Utah, Pan-American Petroleum, Chandler, Atlantic Gulf, Republic, Crucible and New York Air Brake, were offset by gains of one to two points in Reading, Southern Pacific, Union Pacific, Royal Dutch and Pacific Oil.

Decided improvement was shown by the active bond market, especially in railroad convertible issues. Liberty issues also were strong for the most part, notably several four and one-fourths. Old U. S. bonds were unchanged on call.

## FAST FLEISCHMANN'S FIVE.

Defeat Martucci's Squad in Extra-Period Game. Fast and Interesting.

In a Christmas eve game at Fleischmann's, Martucci's Kipnochie Five were defeated by the Crescent Five of that town by the close score of 16 to 19. The game was fast and interesting throughout and kept what probably was the largest crowd of the season on their toes every minute. The Oneonta boys have shown a marked improvement in their basketball tactics during the past six weeks and are putting on some good games.

The game Friday night started off with a rush and the first half was a battle royal, ending with a score of 8 to 6 in favor of Oneonta. In the final round, the Delaware county men went to the attack and soon had tied the score, only to have Oneonta forge ahead again. The battle went back and forth for the remainder of the half, and at the end the score stood 14-14.

A five-minute extra period was played, and each team made a basket, thus leaving the score 16-16. A second extra period hence was necessary, and it decided the game for Fleischmann's. Falkner was the point-getter for Fleischmann's, while "Ev" Westcott starred for the Kipnochie. The score: ONEONTA—FPFBTB

## Advice.

Some people take chances—others don't. At this time of year it is good judgment to select a house. You can then tell if they are built warm, learn the actual conditions of the heating system, etc.

Call and see over our listings. House from \$2,500 to \$10,000 in all parts of the city. C. W. THILLIGAST, under the town clock.

ASKING CHANGE OF VENUE.

The attorneys for Brindell, the in-  
dicted head of the New York City  
Building Trades Council, are asking for  
a change of venue on the ground that  
public opinion is too much aroused  
against the defendant to assure for  
him a fair trial in the metropolis. This  
arousing is alleged to be through the  
medium of the press, and that he  
would be "lynched by printer's ink."  
While it is true that often public  
opinion is too much aroused at home  
to permit of unbiased decision in a  
trial, it is also evident that such  
change is often asked with insufficient  
reason and rather for purposes of de-  
lay than for anything else. And always  
there is much additional expense en-  
tailed through transportation of wit-  
nesses, extra panels of jurors, removal  
and return of court records and other  
things involved where the place of trial  
is distant from that of indictment.  
Also it is noted that the change of  
venue is practically always asked by  
the defense, and generally in cases  
where the facts are in generally pretty  
well known. No up-state county, it is  
pretty sure, would desire to have the  
Brindell case saddled upon it. Rather  
up-state courts and up-state people  
would much prefer to have metropoli-  
tan offenders stew in their own juices.

## BIG EXPORTS OF AUTOMOBILES.

Exports of passenger automobiles  
from the United States for the year  
1920 far surpass all records, says the  
National Bank of Commerce in New  
York. In the January number of its  
magazine, Commerce Monthly, in the  
first ten months 112,376 were sent  
abroad as compared with 67,145 in  
1919, the highest previous year, and  
25,306 in the fiscal year ending June  
30, 1914, the highest pre-war year.  
"Shipments to all parts of the world  
showed remarkable gains, the numbers  
sent to the United Kingdom and Brit-  
ish India being especially note-  
worthy," it is pointed out. "These sales  
have not only benefited American in-  
dustry but the widespread use of these  
cars will also facilitate the develop-  
ment of further trade in American au-  
tomobiles, accessories and parts."  
The largest exports were to the fol-  
lowing countries, the bank's figures  
show: United Kingdom, 18,154 cars;  
British India, 10,848; Canada, 7,369;  
British South Africa, 5,516; Cuba, 5,  
286; New Zealand, 5,099; Brazil, 4,  
968; Sweden, 4,887; Dutch East Indies,  
3,439; Argentina, 3,372; Uruguay, 3,  
287; Norway, 3,000.

## WANT TRESPASS LAWS.

Farmers Will Seek Measure to Keep  
All Persons Off Property.

With the advent of Nathan L. Mil-  
ler as Albany governor, it seems  
certain that several measures of spe-  
cial interest to farmers will be pre-  
sented and pressed for passage. They  
are satisfied that he will approve the  
repeal of the daylight saving law, as  
he has so declared himself to favor.  
The passage of the law by a Republi-  
can legislature they also anticipate. It  
was passed last year, but was vetoed  
by Governor Smith.  
It now seems certain that a bill for-  
bidding any person from trespassing  
upon a farmer's lands without his  
consent will be presented early in the  
winter and pressed by various orga-  
nizations for passage. It is urged that  
they have suffered from the depreda-  
tions of hunters and fishermen and  
there is no doubt that the motives  
prompting the advocates of the meas-  
ure to act is a desire to prevent those  
"city fellows" from hunting and fish-  
ing on their lands.  
It is to be expected that the meas-  
ure will meet with violent opposition  
of men who enjoy these pastimes and  
that there will be a lively contest over  
the proposed legislation.

following of general interest, which  
had not so far as The Star has ob-  
served been given publicity elsewhere.  
At a meeting of the directors of the  
Southern New York Power and Rail-  
way corporation on December 15th, the  
resignation of Joseph B. Mayer as  
president and director was accepted  
and Roy C. McFarland was elected pres-  
ident. S. Harrison Cheney was elected  
assistant treasurer and auditor. It is  
hoped that Mr. Mayer will continue  
to visit us each year at Richfield

## COMMENTS OF THE PRESS

### That's Different.

The British government has de-  
clined to refuse passports for the Wil-  
son commission for an Irish inquiry. What  
would be the action at Washington  
and the attitude of the nation as to  
if a self-appointed commission  
of Britishers decided to come on  
and investigate as to the wil-  
lingness of the failure of  
fourteenth and fifteenth cen-  
turies? [Philadelphia Evening In-  
quirer.]

### Another Chance.

Prison, in prison for five years, may  
get some consolation out of the prob-  
able fact that there will be as many  
inmates in the world in 1925 as there  
are now. — [Atlanta Constitution.]

### An Unattractive Place.

The population of Pittsburgh has in-  
creased 71 per cent, according to the  
latest figures, 60, in other words, 20  
per cent of the population has been  
set down. — [Kansas City Star.]

### Wasting Their Money.

If the Kaiser is getting a salary of  
\$25,000,000 a year from Prussia, as has  
been widely charged, he is being paid  
much more than he is worth and Prus-  
sia is being double-crossed. At least  
he is no longer worth more than  
forty marks a month. He has de-  
veloped into a passable wood sawyer,  
but even at \$3 a cord he could not  
make more than \$50 a week. He is  
said to be writing his memoirs on the  
side. He would probably make more  
in that way than any other, but Prus-  
sia should not pay him a salary for  
doing it. — [Los Angeles Times.]

### In Holdup Days.

Motorists who were stranded on a  
lonely road with a breakdown do not  
face as well in these days of holdups.  
Two New Jersey men realize that  
fact. Their automobile was disabled on  
a dark and lonely road. The men tried  
to stop passing motorists and ask them  
for assistance, but the cars hurried by,  
some of them putting on full speed.  
The stranded men had to walk home  
because every occupant of passing  
cars was afraid of being held up and  
robbed. — [Utica Press.]

### An Old Story.

Evidently the financial idea of the  
Non-Partisan league have one to  
smash. Within the last few weeks no  
less than 15 banks in North Dakota  
have closed their doors on account of  
depleted funds.

The Non-Partisan league has been  
kind most other movements of the  
kind which have set out to establish  
a new system of easier living. It could  
not appreciate the difference between  
capital and income. It is very easy to  
be rich for a little while on capital  
and paper promises to pay. But it's  
just like a six-months' bill at the gro-  
cery store—easy living while the credit  
lasts, but mighty hard when the time  
comes to make good. — [Buffalo Ex-  
press.]

### No Happy Possession.

All libraries in Russia are to be na-  
tionalized, says the Moscow wireless,  
and all books in families will be taken  
for the libraries. Private ownership of  
books is abolished. About all the Rus-  
sian individual has left is his stomach,  
and that is not now a happy posses-  
sion. — [New York World.]

### Remember the Postman.

Have you thought of your postman  
and the service he renders you the  
year around with no direct expense to  
you? Some years ago they gave our  
cards at New Year's, but that was phre-  
nized by the government. They are  
the poorest paid and have to work in  
all kinds of weather. Remember  
them on New Year's day to show that  
you are satisfied and make them feel  
satisfied. — [Observant Citizen.]

ization papers here on January 16,  
1921, and her marriage is expected to

## U. S. CHEVIOT BREEDERS

### HOLD ENTHUSIASTIC ANNUAL MEETING ON MONDAY.

Interesting addresses by Retiring Pres-  
ident Hyde, Secretary Stanford and  
Industrial Agent Bates of the D. &  
H. — Officers Elected.

The annual meeting of the American  
Cheviot Sheep society was held Mon-  
day at Thompson Lodge in Cooperstown.  
There were about thirty promi-  
nent breeders in attendance, repre-  
senting all sections of the United  
States, and the meeting is expected to  
have been one of the most successful  
in the history of the organization,  
which was formed by sheep-  
men.

The meeting was called to order at  
7:30 a. m. by President W. T. Hyde,  
who extended a cordial welcome to the  
membership. Secretary, Theodore Ed-  
ward A. Stanford of Chester Hill Pa.,  
read his annual report and in the  
course of it spoke of the need of a  
campaign for winter wool.

After going over the details of the  
next show season, it was voted that  
additional premiums of \$500 be of-  
fered at the International Fair stock  
show at Chicago, Ill., next season, and  
also of \$200 to the Ohio State fair pro-  
vided the fair itself would add as  
much more to the \$100 already offered  
as a base premium for the breed. These  
substantial premiums will make the  
Ohio fair the leading bidder for a great  
Cheviot exhibition next fall.

President Hyde was host at a din-  
ner served at noon at the lodge to the  
members in attendance. After dinner  
the men went over the conditions at pres-  
ent affecting the sheep and wool mar-  
ket and assured the growers that by  
staking to the game they would be  
sure to win.

The next speaker was George E.  
Bates, industrial agent for the Dela-  
ware and Hudson company, who com-  
plimented Otsego county on the sym-  
bolized initiative which industrially it had  
displayed, and referred in particular  
to the fact that it was the cradle of the  
Cheviot sheep industry in the United  
States. He also spoke of the interest  
which the D. & H. company has felt  
in industrial development along its  
lines, and promised every assistance in  
its power relative to the farming indus-  
try.

The resignation of President Hyde,  
who for two years had been at the  
head of the society—a period during  
which great strides had been taken on  
the part of the organization—was ac-  
cepted with regret and a vote of  
thanks was extended to him for his  
excellent work during this period and  
for his generous hospitality at the  
meeting. Officers for the ensuing year  
were elected as follows:

President — T. C. Collins of Cin-  
cinnati, Ky.

Vice President — E. E. Gifford of  
Cooperstown.

Secretary-Treasurer — Edward A.  
Stanford of Chester Hill, Pa.

State Vice President — W. T. Hyde  
of Cooperstown.

Directors — W. T. Hyde of Cooper-  
stown, John A. Curry of Hartwick,  
W. P. Lantz of Carlisle, Ill., Prof.  
Frank Kleinheinz of the University of  
Wisconsin.

George W. Lough of Hartwick was  
nominated as judge for the Chicago  
show, with Prof. Kleinheinz as alter-  
nate.

## How Lightning Kills.

Numbers of cases of death by light-  
ning have failed to reveal any direct  
effect of the passage of an electric  
current through the human body. The  
evidence indicates that death was  
caused entirely by shock. The result  
is psychological rather than physical,  
the shock inducing heart failure or  
other organic disturbances.

Sometimes strokes have been fatal  
to a mother although the child in her  
arms was unharmed. Persons under  
the influence of a drug or intoxicated  
seem to escape. This seems to indi-  
cate that the psychological element is  
an important consideration. — [Popular  
Science Monthly.]

### Moak Inherits \$2832 as Well as Use of Brother's Estate.

Syracuse, Dec. 28.—Granted the life  
use of the entire estate of Wendell  
Moak of this city, James B. Moak of  
Cooperstown, a brother and 82 years  
old, received a \$2832 share in it as  
well, according to the probate report  
of Richard B. Smith, transfer tax ap-  
praiser.

The Moak estate has been in the  
courts for over two years. It was as-  
sessed at \$119,731 personal and \$25,  
000 in real property. This estate  
belonged to \$20,000 because of large  
debts presented over which there was  
much litigation. Margaret Keams, his  
housekeeper for eight years, present-  
ed a \$2,500 claim for care and atten-  
tion bestowed upon him and this was  
finally settled by coming to her  
free and clear the house and lot at  
145 Millington avenue, alleged to be  
worth \$2,500.

The fact that Wendell had named  
Moak as beneficiary of the estate of An-  
na M. Moak, with his own assets, pre-  
sented in a large claim against his  
estate presented by the executors of  
Anna Moak's estate. This was finally  
settled for \$8,211.67.

Charles H. Moak, New York  
nephew, named as residuary legatee,  
gets \$17,556.31. The state inheritance  
tax was fixed at \$499.95.

## SCRAP OVER LIGHT AND POWER

### Southern New York Answers Com-plaint of Deposit and Hancock.

Albany, Dec. 28.—The Southern  
New York Power corporation has filed  
with the Public Service commission  
second district answers to complaints  
made over rates for electricity for  
lighting and power in Deposit and  
Hancock, effective Dec. 15. The com-  
mission will announce an early date  
for a hearing on the complaints.  
The company alleges that it has not  
increased its rates since March 15,  
1919. It says it has been prevented  
until the present time from connect-  
ing additional power business because  
of insufficient plant capacity. It is al-  
so set forth that during 1920 the com-  
pany has expended \$50,000 to provide  
increased capacity. It further alleges  
that there will be no decrease in the  
cost of coal, freight or hauling for  
some time come. The company al-  
leges that the net income from light-  
ing and power in Deposit and Hancock  
is not an unreasonable rate on the  
capital invested. N. P. Willis of  
Cooperstown is the attorney for the  
company.

## LOCAL MENTION.

**Conquest.**  
Over the land, where once the golden wheat waved its glad banner 'neath a smiling sun.  
Winter his conquest now hath made complete  
And camped his hosts upon the field they won.  
Pierre Shields.

The Christmas dance of the Onondaga club will be held on Friday evening. It will not be a "Yame Yama" dance, as was scheduled on the yearly program, but one of the regular club dances.

**L. O. O. F. ROLL CALL TONIGHT.**  
Officers Elected for Ensuing Year at Last Night's Meeting.

The annual roll call of Centennial lodge, 417, L. O. O. F., takes place this evening in Odd Fellows' temple, commencing at 8 o'clock. This event is one of the most important of the year in Odd Fellows' circles and is usually largely attended. At tonight's meeting, several veteran's buttons will be presented, and an interesting program will be put on, followed by refreshments. All Odd Fellows are cordially invited to attend.

At a well attended meeting of the lodge last night, the following officers were elected for the ensuing year:

Noble Grand—W. C. Gurney.  
Vice Grand—A. C. Miller.  
Recording Secretary—George L. Gibbs.  
Financial Secretary—Garre D. Rogers.  
Trustee for Three Years—Sherman J. Stone.  
Janitor—Fred R. Wood.  
Pianist—Ward McFee.

These officers will be installed at the next meeting, to be held on Tuesday evening next. The third degree was worked on a class of candidates at last night's meeting by the local team. An enjoyable social hour followed the meeting.

**Salvation Army Tree Tonight.**  
The children of the Salvation Army Sunday school are looking forward with much anticipation to the Christmas exercises, which will be held in the army hall this evening, commencing at 7:30 o'clock. An interesting program of songs and recitations has been prepared under the direction of the teachers, and a very enjoyable time is expected. There will be a tree, and gifts will be distributed among the children.

Last evening, Captain Bares of Albany delivered an address before a number of young people at the hall. The captain is making a tour of this section of the state, in the interest of young people's work, and gave numerous suggestions as to how he thought the work could be enforced in Onondaga. Captain Bares leaves this morning for Watertown, his next stop.

**Extra! Newsboys Eat and Eat.**  
About 25 Onondaga newsboys were present at the Christmas dinner given by Willis Sharpe Kilmer, of the Binghamton Press, at the Onondaga hotel cafeteria last Saturday afternoon. Mr. Kilmer treats the newsboys of Binghamton every year, and he decided to take in the Onondaga boys this year. All those who were present Saturday certainly enjoyed the turkey dinner that was served by the management and are grateful to Mr. Kilmer for his generosity.

**Entertains Her Classmates.**  
Miss Audrey Koch of Third street entertained her Sunday school classmates of the First Presbyterian church at tea from four to six o'clock yesterday. The guest of honor was Miss Jane Gildersleeve, whose birthday occurs today.

**Meetings Today.**  
Regular meeting of L. O. O. F. at the lodge rooms tonight, after which will be initiation.

**Stay on the Farm.**  
America is going to town, where it can see the show windows and revel in the sight of other people's wealth. It is also the desire for money and the things money can buy that takes men from the farm. But it is not so with me. I have given farmers as well as others a fair chance and a square deal in making small amounts of money. I have not gone to the white lights of a city and with more contentment, happiness and less envy and jealousy. I could tell a darn sight more, but haven't time. Good day. I am the safe and sane Onondaga Building and Loan association.

## NEARING THE 3,000 MARK

Several More Members Secured by Onondaga Red Cross, With Still More to Be Heard From.

Nearly 3,000 persons in Onondaga and vicinity became members of the American Red Cross during the recent roll call, according to revised figures announced yesterday by Chairman L. T. Ingram. Since the report published in last Friday's Star, three other branches have been heard from, thus bringing up the total membership considerably.

According to the latest available figures, the Onondaga chapter has 2,829 members, divided as follows: Onondaga city, 1,922; Edmeston, 149; Millford, 53; West Onondaga, 28; Worcester, 61; Wells Bridge, 146; Eumans, 20; Portlandville, 20; Schenectady, 119; and Unadilla, 275. This is in practically all instances a considerable increase over last year's figures, and shows what a vigorous and well-directed canvass will accomplish. In 1919, 1,444 Onondaga citizens joined the Red Cross, and this year there was an increase of 575 members, indeed a very creditable showing. The outlying branches also showed considerable increases over 1919, with the exception of towns where the Red Cross work has been discontinued, and even then, in Onondaga for instance, several dollar memberships were secured, although no active campaign was conducted.

Chairman Ingram is expecting to receive additional reports within a few days from Edmeston, Unadilla and Schenectady, which he is confident will put the total membership very near the 3,000 mark. All in all, the canvass has been very successful and indicates that the people of Onondaga and vicinity at least have not forgotten what the Red Cross accomplished during the war, and are willing and anxious to support it just as heartily in peace times.

In addition to the names of campaign executives published the other day, credit for the result is also due Mrs. L. D. Slade and Miss Beulah Holdredge, who worked untiringly during the canvass to assure Onondaga going over the top.

## TIP TOP MERRYMAKERS.

Musical Comedy at Onondaga Theatre All This Week.

Ordi and Coleman's Tip Top Merry-makers continue to draw good houses with their performances at the Onondaga theatre where they are scheduled for the entire week. A change of play is made today, when the offering for today and tomorrow will be a musical melange in two acts entitled "In Search of a Million." There will be an entire change of scenery, costumes, songs and dances. The play for Friday, one day only, matinee and evening, will be "A Japanese Maiden," and to close their engagement Saturday (New Year's day) a musical farce, "Three Jolly Prisoners." Seats are now selling for all evening performances, including New Year's matinee, which is reserved.

Al. Lemons, champion wooden shoe dancer and featured comedian of the company, will hold a dancing contest Thursday evening during the performance, when he will meet all comers. Leave your name at the box office and enter the contest. Three cash prizes will be given. Remember, it is not always the best dancer that receives the prizes, but the ones receiving the most applause, the audience to be the sole judge.

Selwyn & Co.'s Gale of Laughter.  
"Twin Beds," with a special cast headed by Mabelle Estelle and a superb production, will be the attraction at the Onondaga theatre for one night only Monday, January 2.

"Twin Beds" is a clean farce, said to be the funniest play in the English language, with a background of social satire and brilliant characterization. It resembles nothing so much, in its hair-raising fast action, as a frolicking, rollicking high wind. Mail orders now.

## INCIDENT BLAZE DOUSED.

Sparks from Chimney in Onondaga Hotel Building Lead to Discovery.

Late yesterday afternoon, clerks in the superintendent's office of the D. & H., on the top floor of the Onondaga hotel building, noticed sparks coming from the large chimney on the hotel, and notified the fire department by telephone. Chief Choate and a few of his aides were quickly on the scene and went to the roof, where they found a near-chimney fire. The chimney cap is considerably smaller in diameter than the shaft itself, and soot had become lodged underneath the cap. The heat from below was beginning to ignite this soot, and it was the sparks from this that were noticed by the clerks. The firemen came, but the soot and after looking to see that no fire had been started in the roof returned to headquarters.

It was perhaps fortunate that the situation was discovered in the incipient stage, as the fire might have ignited the roof of the building. As it was, no damage was done and guests in the hotel were unaware that there was anything out of the ordinary. A good plan would be for owners of buildings to have their chimneys cleaned out at intervals during the winter months, in order to avert any possibility of a dangerous fire.

## AS MYSTERIOUS AS EVER.

No New Developments in West Kortright Murder Case Yesterday.

There were no new developments yesterday in the mystery surrounding the murder of Fred Strongman, the West Kortright farmer, at his home on Christmas eve. The authorities are continuing their investigation unceasingly, however, and hope before long to be able to definitely fix responsibility for the outrage that has stirred all Delaware county.

Coroner G. A. Stillman of Delhi, accompanied by the undersheriff, went to the scene of the crime yesterday and made another examination of the house and barn, in an effort to locate some new clues, but they reported no progress, and said that the crime remained as mysterious as ever. Contrary to many current reports, no one was arrested and so far as is known no one has been detained in connection with the murder.

## L. A. to B. of R. T. Installs.

About 50 members of the Ladies' Auxiliary to the Brotherhood of Railway Trainmen met at Trainmen's hall Monday night for the installation of the officers that were elected at the last meeting, and subsequently published in The Star. The officers were very capably installed by Mrs. Mary DeLamater, past president, following which a delicious dinner was served to the merry company. When a B. of R. T. organization puts on a "feed" it is a real one, and Monday night was no exception. Music and informal speech-making were in order, and at a late hour the meeting broke up after a most enjoyable session.

## AN ENJOYABLE EVENT

Three Hundred Participants in Christmas Dance Given by Co. G—Dartmouth Orchestra Late—To Play in Albion This Evening.

Although the Dartmouth orchestra, which furnished the music for the dance given by Company G last evening, was delayed at Herkimer, and arrived about two hours late, the event was greatly enjoyed by about 150 couples who danced until a late hour this morning. The orchestra, consisting of six pieces, successfully maintained its enviable reputation from the beginning to the last dance, rendering each number in a creditable manner. The dance, as was the Christmas dance given last year by the company, was a financial success, and was greatly enjoyed by all who attended.

Company G successfully maintained its wide reputation for the enjoyable features of this annual event and thorough in attendance healthily enjoyed the music and the other features. The floor was thronged with dancers after the arrival of the orchestra and there were present numerous visitors, including many of the students and others home for the holidays. The committee served light refreshments for the dancers and the spacious drill hall was prettily decorated for the event.

The orchestra, which played in Rochester Monday evening, missed connections at Herkimer, and, after some delay secured a motor car and hurried to Onondaga, arriving here about 11 o'clock. Meanwhile some of those assembled left the armory when the delay was announced, but practically all returned when the orchestra reached here. The orchestra left after the dance for Herkimer in the same motor car and are announced to appear at Albion this evening. Their visit here will be pleasantly recalled despite the delay.

## WEDDING BELLS AT YULETIDE

Miss Orline Eldred Becomes Bride of Howard D. Jane on Christmas Day — Miss Hilda Goldstein Weds D. J. Harter — Kenneth B. Griffin Takes Pansy L. Smith as Bride.

Howard D. Jane, an evangelist, and Miss Orline Mae Eldred of this city were united in marriage Christmas day by Rev. Dr. E. J. Farley, pastor of the First Baptist church. The double-ring ceremony was performed at 5:30 p. m. at the parsonage in the presence of a small group of friends. The bride wore a gown of blue georgette, trimmed with beads, and carried a bouquet of roses. She was attended by her younger sister, Miss Charibel Eldred, while Ceylon Goodrich acted as best man. During the ceremony, Miss Geraldine Brown, a cousin of the bride, played softly on the piano.

Immediately following the ceremony the bridal party proceeded to the home of the bride's parents, Mr. and Mrs. Charles L. Eldred, at 121 East street, where a sumptuous Christmas-wedding dinner was served to a company of near relatives and friends.

The Eldred family came to Oneonta in 1912 from Afton, and Miss Orline entered the State Normal school, from which she was graduated two years later. Since then she has been an instructor in the public schools of Long Island, Peekskill, Schenectady and Northville. Last September, she entered the Baptist Missionary Training school at Chicago, where she pursued a Bible course. She also took a college extension course in Americanization methods and while at Chicago was active in the capacity of a Christian Americanization secretary, doing much work among the "new-American" classes of the city. She is a young lady with many friends in Oneonta who will extend cordial and heart-felt best wishes. She was the recipient of a large number of beautiful wedding gifts.

Mr. Jane, who is a native of England, is a licensed evangelist, being a graduate of the Practical Bible school at Binghamton, class of 1919. Following his graduation, he began a higher course at the Moody Bible Institute in Chicago. He is a brother of Mrs. Ira Silliman of 7 Otsego street, this city.

Mr. and Mrs. Jane expect to leave next week for Chicago, where they will make their home for the present. He will continue his course at the Moody Institute, and later will enter active evangelistic work.

**Harter-Goldstein.**

Miss Hilda R. Goldstein, daughter of Mr. and Mrs. S. L. Goldstein of this city, and David J. Harter of Pittsburgh, Pa., were united in marriage yesterday afternoon at 1:30 o'clock at the home of the bride's parents, 12 Church street. The ceremony was performed by Rabbi Gross of Troy in the presence of 24 relatives of the young couple. The impressive double-ring service was carried out, the bride being given in marriage by her father. As the bridal party entered the parlor, which was attractively decorated for the occasion with palms and roses, Miss Bernice Goldstein, the bride's sister, played the wedding march.

The bride made a charming appearance in a gown of blue satin material, with bugle trimmings. Her hat was of blue maline with silver trimmings. She carried an arm bouquet of pink roses. Her maid of honor was Miss Sophie Driesen, her aunt, who wore a gown of blue georgette with silver cloth hat, and carried roses. Oscar Harter, brother of the groom, acted as best man.

Following the ceremony and felicitations, a reception and luncheon were held in Killeen's restaurant, with about 30 relatives and friends in attendance. The table decorations were of white narcissus, with festoons of other flowers. Late in the afternoon,

Mr. and Mrs. Harter made their escape by auto to Albany, where they took a train for New York and Atlantic City. After a two weeks' honeymoon in that vicinity they will go to Pittsburgh, where they will make their home. Mr. Harter being connected with a prominent moving picture film house in that city.

Although the bride has spent much of her time in Pittsburgh, she has numerous friends in this city who hold her in high esteem. She received a large number of wedding gifts, including checks, cut glass, linen, etc.

Among relatives in attendance at the wedding were Mr. and Mrs. M. A. Gold, Mr. and Mrs. S. H. Harris and Maurice Weiss of Binghamton; Oscar Harter and Miss Esther Harter, of Pittsburgh; Mr. and Mrs. E. C. Morris, Jr., of Binghamton, grandfather of the bride; Miss Sophie Driesen and Sol Driesen, of Schenectady; and Miss Bernice Goldstein, a student at Syracuse university.

After the ceremony Mr. and Mrs. Griffin left for a brief wedding trip, upon their return from which they will be at home to their friends in this city. Mr. Griffin holds a lucrative position as a clerk in the local offices of the Delaware and Hudson company and is a well-known young man who has spent much of his life in Oneonta, although a native of Hobart. Miss Smith has been engaged as a stenographer for some time past.

**Adams-Porter.**

Rev. Charles M. Adams, pastor of the Methodist Episcopal church of West Ender, and Miss Mabel S. Porter of Burlington Plains were quietly married at noon Christmas day at the home of the bride's mother, Mrs. Ada M. Porter, of the latter place.

## Firemen Called for Out-of-Town Blaze.

An alarm was given on Tuesday night about seven o'clock from Terry household, located about a mile from the village and a hurried response was made by the firemen and by many of his neighbors. A fire in the dining room had heated the bricks in the back until the heat started a blaze in the studding. Some headway had been made by the fire before help arrived but by cutting away the wall in the rear of the place access to the flames was permitted and the blaze was soon extinguished. Some damage was done but it was slight compared with what might have occurred if help had not arrived.

## Presbyterian Pulpit Occupied.

Rev. Lincoln H. Long of Margaretville occupied the pulpit of the Presbyterian church on Sunday as a supply. Mr. Long has been a standby for this church in its times of pastoral absence and he has made many friends here. No decision has yet been made as to the calling of a new pastor but candidates are expected to occupy the pulpit during the coming Sunday.

## Library Association Gives Dance.

A benefit dance for the Stamford Village Library association was held Monday night at the opera house. Good music obtained, and with the fact that there was nothing of social interest on the boards during the holiday week, when numbers of the young people are home from schools and colleges, there was a large attendance.

The library, with the exception of a grant by the village of a couple of hundred dollars, is self-supporting and depends on the aid of the inhabitants to secure the fund necessary for its support. All residents of the village know the value of the library and are usually very generous in response to any proposition for raising money for its support.

## Another Real Estate Transfer.

Dr. E. W. Gallup has sold to E. C. Hanford the building on Main street occupied by VanDyke & Hanford as a pharmacy, with possession to be given on January 1, 1921.

## VILLAGE HOTEL SOLD.

A. L. Johnson disposes of Davenport Center property; Will Be Farmer.

Davenport, Dec. 28. — A. L. Johnson has sold the Butts hotel, in the village of Davenport Center, to Mr. Doolittle, a well-known lumberman, who will take possession on January 1. Mr. Doolittle has not yet announced his complete plans, but expects to remodel the hotel building for use either as a hotel or tenant house. Mr. Johnson came into the possession of the hotel property several months ago when he exchanged for it his farm located about two miles east of Davenport village.

Mr. Johnson has now made a second exchange, taking in payment for the hotel property a 317-acre farm located at Kirkwood, near Binghamton. With the farm are included 20 head of cattle and all personal property. The farm is reported to be one of the most desirable in that vicinity and Mr. Johnson is to be congratulated on its purchase. He expects to move there early in January.

## Excellent Christmas Entertainment.

A largely-attended Christmas entertainment was given at the Methodist church last Friday evening, when the children of the Sunday school held their annual Yuletide exercises. The church was attractively decorated for the occasion with evergreen and red and green streamers. A program consisting of songs, recitations and other features was put on by the children and was heartily received by the large audience. The program was an entertaining one and will long be remembered.

## Indian Impersonator Pleases.

John Kilham of Syracuse, the well-known Indian impersonator, gave an excellent entertainment before a large audience at Wade's opera house to-night, appearing under the auspices of the Davenport lecture course committee. Mr. Kilham spent several years among the Indians and is personally acquainted with many of the chiefs. His entertainment consisted of impersonations of the life of the Indian, and proved most interesting to the audience of "pale faces." Mr. Kilham carries \$2,000 worth of Indian costumes along with him and is a finished interpreter of the mode of living of the Redskins.

## Little Graves by the Hundred Thousand Unless Help Comes Quick

OVER 3,500,000 children in eastern and central Europe face starvation now and the next spring harvest.

Little tots—three and a half million of them!

The mind cannot grasp such figures. If this number of children were to march four abreast in close marching order in army stride, the front would reach from Detroit to New York, and would take forty days and nights to pass a given point. Or, visualize these figures in another way. If this number of children were to die and be buried in one trench, it would make one continuous grave 2800 miles long—the distance from San Francisco to New York.

### It Is a Child's Right to Live

It has been said, "Old men make wars, young men fight them, but always, the children suffer most." These children are the helpless victims of the late war and they are neither responsible for the war nor for their coming into the world. Many of these children are without either fathers or mothers; they live where local aid and assistance are absolutely impossible; help must come from outside if they are to continue to live.

### Is a Child's Life Worth \$10?

Ten Dollars—will assure life for one of these children. It will provide sufficient food and medical care—enough to stand squarely between life and death.

The life of a child—in all God's earth there is no more precious and priceless a thing.

And at least one little life should be yours to save. You who love children surely will take to your hearts one of these innocent little lives. You will need no further urging. Your hearts will respond eagerly and generously.

Whatever your gift—Ten Dollars to save one child, or Ten Thousand Dollars to save a thousand children, send your gift without delay to either your local committee or to Franklin K. Lane, Treasurer, 42 Broadway, New York City.
